Two side-by-side astronomical images showing a star field. The left panel features a prominent bright star in the lower right quadrant, with several other stars of varying brightness scattered across the field. The right panel shows a similar star field but with a different distribution of stars, including a notable bright star near the top center.

Two side-by-side astronomical images showing a star field. The left panel features a prominent bright star in the lower right quadrant, with several other stars of varying brightness scattered across the field. The right panel shows a similar star field but with a different distribution of stars, including a notable bright star near the top center.

A horizontal color bar scale ranging from 50 to 20. The scale is represented by a gradient bar with numerical labels at 50, 2055, 2060, 2064, 2069, 2074, 2079, 2084, 2088, 2093, and 20. The gradient transitions from dark on the left to light on the right.
