A vertical strip of a color calibration chart, likely a Munsell Color Services Lab chart. It features a series of color patches arranged vertically, transitioning from dark purple at the top to bright yellow at the bottom. The patches are used for color calibration and measurement in photography and printing. The chart is positioned on the right side of the page, next to the text.

The image is predominantly black with a vertical strip of light on the left side. This strip shows a grid-like pattern of red and yellow, suggesting a book's binding or a page with a table. Faint, illegible text is visible within this strip, possibly a title or page number. The rest of the image is dark and contains no discernible features.
